Attention: Jillian Groulx

Subject: Phosphate Bid Results

Dear Jillian,

Thank you for your prompt response. This information is beneficial to both Mount Clemens and **SHANNON CHEMICAL CORPORATION**.

On 2/4/25, the City of Mount Clemens opened bids for Phosphate. Results were as follows:

Elhorn	\$0.895/#
WSU	\$0.90/#
SCC	\$0.987/#

Bid prices were all competitive. However, both Elhorn and WSU do not meet your specs. **SHANNON CHEMICAL CORPORATION** is the lowest responsible bidder.

Specs call for Polyphosphate as PO_4 N.A. Orthophosphate as PO_4 ; 36% $\pm$ 2%, SG 1.36, pH 4.3.

Elhorn quoted Carus 4105. This is straight Orthophosphoric acid, diluted to 36%. Therefore, pH is low and density is also low not meeting specs. Carus 4105 SDS:

Section 9 physical and chemical properties page 3/8 and 4/8.
pH <1

Mount Clemens spec pH 4.3

Elhorn Phosphate reference guide
SG 1.24

Mount Clemens spec SG 1.36

In addition, Elhorn's product is a hazardous chemical, DOT listed as corrosive liquid, acidic, inorganic, UN3264.

Page 2

February 5 2025

Shannon's SLI-5179 is nonhazardous and not DOT regulated. It is Monosodium Phosphate blend with a pH of 4.3-4.5.

Water Solutions is the strangest bid I have ever encountered. In their SDS, which does not meet proper SDS guidelines, (page 1 of 5), under ingredients says "Confidential-Phosphate Salts."

Do you or the team at the water plant want to add a confidential ingredient product to your drinking water? That's insane. This is why the "right to know" law was passed.

The WSU bid submitted includes a statement from Mike Ricks, President stating:

WSU 137-not 5179
We will match poly-ortho %

The product does not have poly and this statement clearly indicates WSU does not have the product you specified nor do they know what the product is? They bid a product WSU 137, but they apparently will change that product formula to your needs. This invalidates any NSF standard 60 approval. This is very unethical.

SHANNON CHEMICAL CORPORATION SLI-5179 meets with all your specs as stated in the bid documents. We are the lowest responsible bidder.

Thank you for your review of this important information. **SHANNON CHEMICAL CORPORATION** looks forward to working with you and your team at the water plant.

Respectfully,
SHANNON CHEMICAL CORPORATION

Daniel C. Flynn
President

CITY OF MOUNT CLEMENS

Tabulation of sealed bids received and opened on Tuesday, February 4, 2025 for 022501 Sodium Hypochlorite.

Bidder	Grand Total
1.Alexander Chemical Corporation 7593 S. First Road LaPorte, IN 46350	\$2.249/gallon* *Price based on 3,000 gallon deliveries
2.Haviland Products, Co. 421 Ann Street NW Grand Rapids, MI 49504	\$2.82/gallon
3.JCI Jones Chemicals, Inc. 18000 Payne Avenue Riverview, MI 48193	\$2.10/gallon
4.PVS Nolwood Chemicals, Inc. 10900 Harper Avenue Detroit, MI 48213	\$2.35/gallon* *Delivered in loads of at least 3,000 gallons. Price subject to change after 1 year based on market conditions.
5.Rowell Chemical Corporation 10100 S. Archer Avenue Willow Springs, IL 60480	\$2.75/gallon

Date: February 11, 2025
From: Leonard Bertrand, Utilities Director
Subject: **Recommendation to Waive the Competitive Bid Process**
Product or Service: Installation of pumps and bridge at wastewater treatment plant
Vendor: Midwest Power
Summary: Midwest Power works with Kennedy as their primary pump installer. They installed the other two existing pumps and Variable Frequency Drive (VFD) at the plant. This work is in the CIP and was budgeted for. They are also available to do the work immediately.

Per the explanation provided above, I am recommending this acquisition of product and/or services be exempted from the competitive bidding process for the following reason(s):

☐ The above vendor is the sole provider of the above product or service in the state of Michigan, and/or is the only provider with the necessary qualifications to ensure the above product or service is of high quality.

☒ The City of Mount Clemens has a long-standing relationship for professional services with the above vendor and the knowledge the above vendor has gained through this relationship is integral to the product or service provided.

These facts have led the city manager, **Gregg Shipman**, to determine that no advantage to the city would result from competitive bidding. As such, in accordance with Article 10.211- Sec 155 of the Mount Clemens Charter, this notice shall serve as written recommendation that the competitive bidding process be waived for the product or service listed above from the vendor listed above.

Approved,

A handwritten signature in dark ink that reads "Gregg S. Shipman". The signature is written in a cursive, flowing style.

Gregg Shipman
City Manager
